

BIBLIOGRAPHY

Textbooks

Doppler radar and weather observations

R. J. Doviak and D. Zrnic, Academic Press, 1984

Radar observation of the atmosphere

L. J. Battan, University of Chicago Press, 1973

Radar measurement of precipitation rate

A. M. Borovikov, V. V. Kostarev, V. I. Smirnov and A. A. Chernikov,
IPST/IUP, 1970

Introduction to radar system

M. I. Skolnic, McGraw-Hill, 1962

Reviews

Operational application of meteorological Doppler radar

J. Wilson, R. Carbone, H. Baynton and R. Serafin, Bulletin of A. M. S.,
Vol. 61, pp 1154-1168, 1980

Advance in radar Meteorology

D. Atlas, Advance in Geophysics Vol. 10, pp 317-487, Academic Press,
1964

Estimation of rainfall using radar-- A critical review --

T. W. Harrold, Scientific Paper No. 21, Royal Meteorological Office
Publication, H. M. S. O., 1965

Radar in tropical meteorology

R. J. Donaldson and D. Atlas, WMO Symposium on Tropical Meteorology,
1963

Radar analysis of severe storms

D. Atlas, Meteorological Monographs Vol. 5, No. 27, pp 177-220, A. M.
S., 1963

Methods for identifying severe thunderstorms by radar: A guide and biblio-
graphy

R. J. Donaldson, Bulletin of A. M. S., pp 174-193, 1965
