LINKS BETWEEN METEOROLOGICAL, HYDROLOGICAL AND  
SEISMOLOGICAL SERVICES

Summary and purpose of document

Operational and research activities in the disciplines of meteorology, hydrology and seismology may be undertaken in one or more institutions in member countries. This document provides information on the existence, links and co-ordination of the activities of these disciplines.

Appendix:     Replies received to inquiry addressed to Members of WMO in June 1991 and  
                     September 1992
