

MAKE REPAIRS QUICKLY WITH OVER 40 COMPONENTS!

At last a functional collection of over 40 of the most commonly used components for emergency and temporary leak stoppage of liquid or bulk hazardous materials due to punctures, gashes, cracks, or surface rotting in most of the common containers—drums, cans, tank trucks and cars, automobile gasoline tanks, and storage tanks.

CAUTION: This kit is designed for use only by experienced and trained personnel and only for temporary sealing until the container can be disposed of properly.
