PREFACE

This plan has been prepared to facilitate clear understanding and easy amendment. Officers-in-charge of services and agencies are required to keep their internal procedures up to date by constant reviews. The Director of Civil Aviation must be made aware, in writing, of all changes.

It must be noted that prompt action by all services and agencies is of utmost importance to the successful handling of any operation. Officers-in-charge are therefore reminded of their obligation to conduct regular practice sessions of their duties to ensure that their staff members are each fully aware of their particular role. Equipment likely to be used in an emergency must be checked at regular intervals to ensure its serviceability

Wherever it is possible or convenient for more than one department to conduct joint exercises, this should be done. Exercises shall be conducted periodically to train and test the procedures laid down in this manual and the Director of Civil Aviation must be informed of exercises.

The full cooperation of all essential services is anticipated in order for us to cope effectively with any emergency situation.

CAYMAN ISLANDS AIRPORTS

OWEN ROBERTS INTERNATIONAL AIRPORT GRAND CAYMAN

Operational Hours	0700 Local - 2100 Local	1200 UTC - 0200 UTC
Airport Authority	Civil Aviation Authority PO Box 277 Grand Cayman Cayman Islands	
Telephone	Civil Aviation Authority Owen Roberts Tower D.C.A.'s Home	949-7811 949-7811 947-1008
