

ZONE 9

ZONE 10

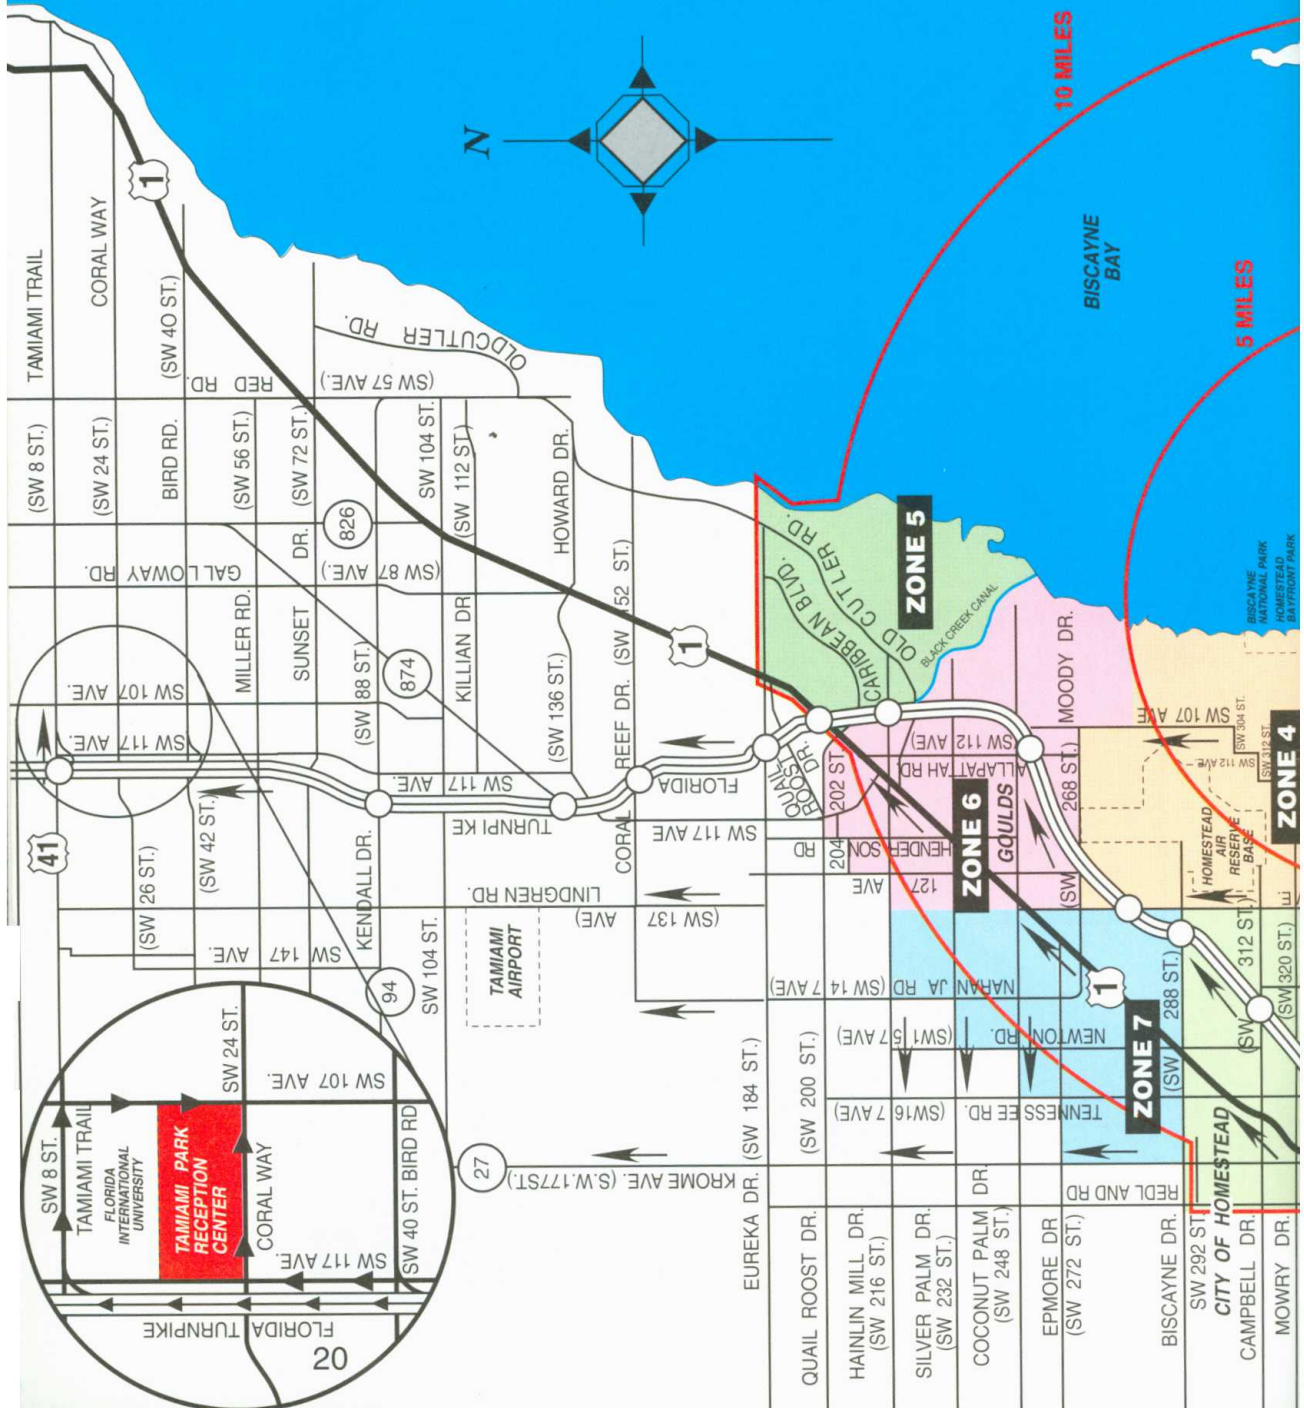

EVACUATION ROUTES

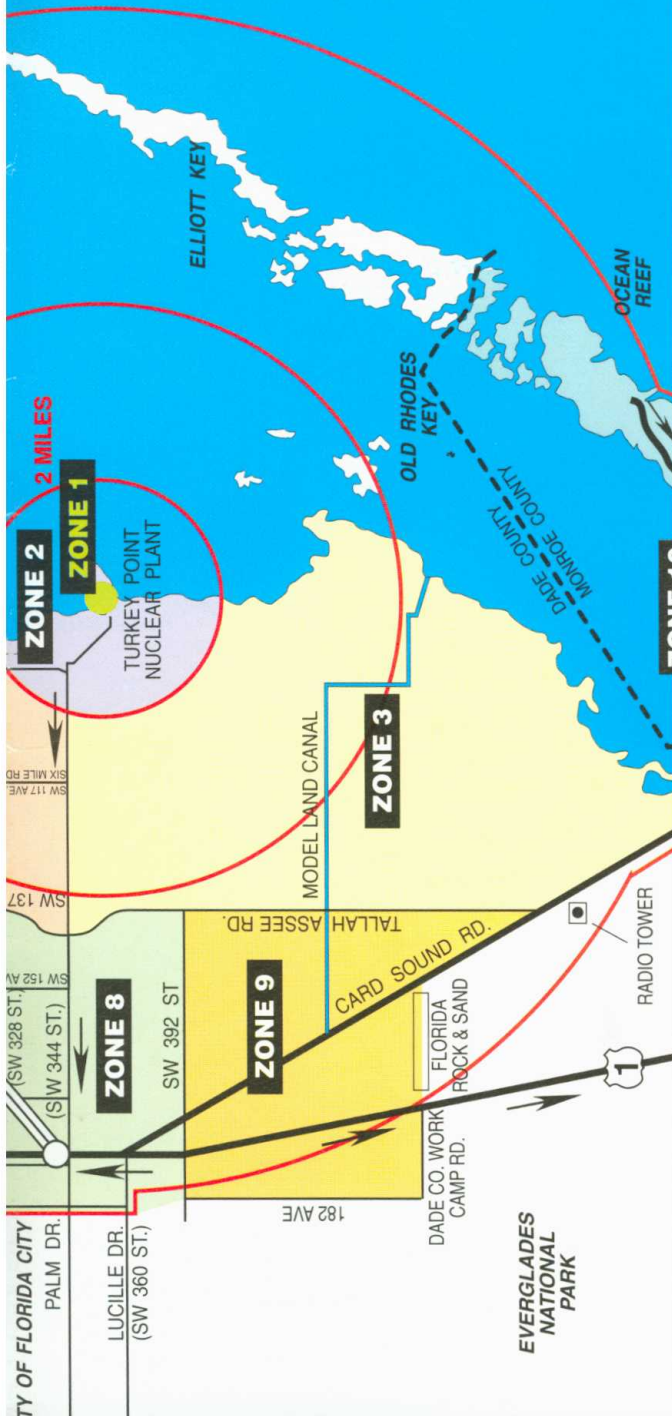

This map shows the area within 10 miles of the Turkey Point nuclear plant and suggested evacuation routes, along with additional roads to be used as landmarks.

Locate the areas where you live and work and determine the most convenient evacuation route from your residence and place of business.

For quick reference, once you have determined your evacuation route, write the information on the detachable card at the back of this booklet.

Please check zone enlargements on which you live.

EVACUATION ROUTES

Study the map, and make a note here of your evacuation route from home and work.

If you are told to evacuate, take this booklet with you.

I live in zone _____

Evacuation route: _____

I work in zone _____

Evacuation route: _____

School pick-up point: _____

Shelter supplies packed: (see page 6)

Pets and livestock cared for: _____
