CRONOLOGIA DE LOS INCIDENTES AEREOS REGISTRADOS HASTA 1983
INVESTIGACION PRELIMINAR INFORMATIVA

Los Incidentes, segun la OACI, son entendidos como todo suceso relacionado con la utilizaci3n de una aeronave, que no llegue a ser un Accidente, que afecte o pueda afectar la seguridad de las operaciones.

Con relaci3n a la Clasificaci3n de los Estados es identicamente igual que la de los Accidentes, salvo en la leyenda de las observaciones, cuyo c3digo es el siguiente:

- *- Problemas con Cauchos.
- **+ Problemas con Combustible.
- *** A3o no Investigado en la Hemeroteca.
- *** Aeronaves de otros Países.
- *** Incidentes en otro País.
- +++ Dudas sobre fecha, matricula, estado, etc...
- A-1 Numeraci3n de Incidentes Aéreos descubiertos despues del 10 de Septiembre de 1986 en la Hemeroteca Nacional, hay dos (2) períodos: el primero, comenzando desde 1929, est3 identificado con la letra A, y los sin informaci3n de fecha, con la letra B.
- (=) Varios.

Igualmente, con los incidentes aéreos en este renglon hay dos (2) tipos de numeraci3n: la numérica y alfanumérica, que no afectan al total general.

En Venezuela han ocurrido muchos Incidentes, y existe la posibilidad que en la presente cronologia no se encuentren todos ellos.

A Continuaci3n la Cronologia.

Nomenclatura Alfanumerica Período 1= A
