

Reach out. As the world's most extensive and experienced humanitarian agency, the unique strength of the International Federation lies in the global network of National Red Cross or Red Crescent Societies. National Societies must respect the Fundamental Principles of the Red Cross and Red Crescent Movement and be recognised by their governments as voluntary aid societies which act as auxiliaries to public authorities. National Societies provide many services, from emergency relief to tracing services to help put people in touch with missing relatives.

Evacuation day, Bosnia, 1993 Gilles Peress/Magnum

National Societies: The global reach
