

Community Disaster Plan

The plan provides guidelines for operation and clarifies roles and responsibilities before, during and after a disaster.

This Disaster Plan has been developed by the local and national disaster preparedness and relief organizations involved in your community.

How to do a Community Disaster Plan

Community and family

- Identify your family members
- Identify your neighbors
- Identify your coworkers
- Identify your friends
- Identify your relatives
- Identify your neighbors
- Identify your coworkers
- Identify your friends
- Identify your relatives

Community participation (is the key element)

Community participation

- Identify your local and national disaster preparedness and relief organizations
- Identify your local and national disaster preparedness and relief organizations
- Identify your local and national disaster preparedness and relief organizations
- Identify your local and national disaster preparedness and relief organizations

Community and family

- Identify your family members
- Identify your neighbors
- Identify your coworkers
- Identify your friends
- Identify your relatives
- Identify your neighbors
- Identify your coworkers
- Identify your friends
- Identify your relatives

Community participation

- Identify your local and national disaster preparedness and relief organizations
- Identify your local and national disaster preparedness and relief organizations
- Identify your local and national disaster preparedness and relief organizations
- Identify your local and national disaster preparedness and relief organizations
