Dear Colleague:

Welcome to our Electronic Field Trip, "Kids Take Charge." Middle school students will learn about the causes and effects of natural hazards, and how to prepare for natural hazards.

Attached is the technical information you will need to participate in this Electronic Field Trip. Enclosed are student activities designed to complement this program. These materials may be duplicated and distributed to participating students and teachers.

We hope that you and your students will enjoy and benefit from this exciting field trip. Please take time to complete the attached evaluation form. Your feedback is very important to us as we plan future programming.

Sincerely,
